Student's Satisfaction Survey (2022-23)

- Q. 1 How much of the syllabus was covered in the class?
- Q. 2 Teachers inform you about your expected competencies, course outcomes and programme outcomes.
- Q. 3 Your mentor does a necessary follow-up with an assigned task to you.
- Q. 4 The teachers illustrate the concepts through examples and applications.
- Q. 5 The teachers identify your strengths and encourage you with providing right level of challenges.
- Q. 6 Teachers are able to identify your weaknesses and help you to overcome them.
- Q. 7 The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.
- Q. 8 The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.
- Q. 9 Teachers encourage you to participate in extracurricular activities.
- Q. 10 Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.
- Q. 11 What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.
- Q. 12 How well did the teachers prepare for the classes?
- Q. 13 The overall quality of teaching-learning process in your institute is very good.
- Q. 14 How was the difficulty level of the syllabus
- Q. 15 How well were the teachers able to communicate?
- Q. 16 The teacher's approach to teaching can best be described as
- Q. 17 Fairness of the internal evaluation process by the teachers.
- Q. 18 Was your performance in assignments discussed with you?
- Q. 19 The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.
- Q. 20 The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.
- Q. 21 The institution provides multiple opportunities to learn and grow.

Student Satisfaction Survey Report

Comments by students:

1. Teachers encourage students to participate in extracurricular and outdoor activities.
2. Teachers have been credited for their excellent teaching methods by students.
3. College gives students multiple opportunities to learn.
4. Teachers guide students towards exploring multiple career opportunities.
5. Some teachers always solve queries of students with lucid explanation.
6. Overall, the campus facilities are good.
7. Teachers have a kind and helping nature.
8. Teachers help sports students participating in camps or tournaments, understand topics from syllabus they were absent for.
9. Some teachers use multiple techniques of teaching to make students understand concepts.
10. Teachers always encourage students to take part in co-curricular activities.
11. Information about placement activities or job related advertisements are provided time to time.
12. Teachers help in developing overall personality.

Students Requirements:

1. Teachers should use active learning techniques to engage students in the learning process.
2. More videos and short film about the topics are expected to be shown.
3. More priority should be given for final year internship and placements.
4. Try to reach every student and ask for their doubts
5. Teachers should start new pattern of teaching.
6. Institution should increase special or advanced courses.
7. Provision of more revision lectures during exam period.
8. Use ICT tools and digital game-based learning.

Descriptive answers given by the students

Que. 1 :- Give three observation / suggestions to improve the overall teaching – learning experience

- Its enjoyable to study in the institution
- No
- Teacher are good
- Teachers should inform students if the clas gets canceled earlier
- It has nice already.
- Use better graphics and visual media to engage students well
Try to reach every student and ask for their doubts.make teaching a to way interaction
- Try to reach every student and ask for their doubts
- Good listening skills, taking everything as an Opportunity,making them understand things in a practically
- More interaction
More root based communication with students
And sincerity for the teaching profession
- Nothing
- Discuss more questions/answer about particular subject
- Complete syllabus
- Help students to solve their problems
Arrange the field trip for students at once a year
Complete the sylabus in more easy way
- The way is okay they are teaching
- Please do conduct lec so that we can pass the exameadily
- No nothing
- Give equal time to other activities also
- No Nothing
- Teaching more on projector
- Use of projector in every classroom as an fun way to study, get field visit for more experience, and everything is good
- Differentiate between students.
- Give equal time to other activities also
- No suggestions
- No
- Talk in English or Hindi
- 1) the teacher should be friendly to teach. 2) the teacher should interact politely.3) the teacher should only teach the subject and not to discuss other things other than his or her subject or syllabus
- Please know how difficult is this 13 is going
Number of people can write paper well because
This is our starting year
Pleaseee institute pass everyone
If in 14 people does then don't

- Through lcd
Talking by our side
Teachers are good
- Teacher should explain syllabus properly
- There should be Projector used in class. Each points should be explain from the projector as well as from textbook and also field vist Or study camp should be taken.
- 1 Personalization: Teachers should focus on personalizing the learning experience for each student, based on their unique strengths, weaknesses, learning styles, and interests. This can be achieved through various means, such as differentiated instruction, individualized feedback, and customized lesson plans. By providing a personalized approach, teachers can help students achieve their full potential and boost their confidence.

2 Active Learning: Teachers should use active learning techniques to engage students in the learning process. This can include group discussions, project-based learning, role-playing, and hands-on activities. By encouraging active participation, teachers can help students develop critical thinking, problem-solving, and collaboration skills, which are essential for success in the real world.

3. Feedback and Assessment: Teachers should provide regular and constructive feedback to students to help them understand their progress, strengths, and areas for improvement. This can be done through a variety of assessment methods, such as quizzes, exams, projects, and oral presentations. By giving students clear feedback and guidance, teachers can help them learn from their mistakes and take ownership of their learning. Additionally, teachers should ensure that assessment methods align with the learning objectives and are fair and unbiased.

- .
- .
- Communicate with us about clarification of understanding
- Good
- 1.Regular lectures
- 2. Complete the syllabus on time
- 3.Taking small tests after every lecture
- Teaching friendly
- For now there is nothing I can suggest.everything is good
- Everything is good
- I had a good experience in the institution
- All teachers are good
- Happy
- Give example while teaching
- Very nice teachers ??
- Nothing
- time management and inform the students to attend lecture or do not attend
- Video and short film about the topics. Discussion about the topic

- 1.good learning experience
- 2. Teach well and good.
- 3 teachers encourage for participate in other activities.
- Good in teaching
- Every thing is good no suggestions
- No need to change any thing
- Good very good
- 1.Good learning experience
- 2.teachers encourage for participate in outside activities
- 3.collage give multiple opportunities to learn
- Conclusion
- Create a welcoming environment
- Communicate with collegeus
- Communicate with parents
- Try to reach every student and ask for their doubts.
- Good
- NO.
- Very good
- Everything is perfect
- Some of the teachers need to improve their English speaking skill as it becomes difficult for English medium students to understand what they are speaking
- All teacher good teaching in all classes in the subject
- Thanks for the every lecturers to help of study I am suggesting to the provide audio material to syllabus
- Happy
- USAGE OF LCD
- EXAMPLE BASED ON REAL LIFE SCENARIOS
- HAVE FUN
- Improve communication with students
- Should include practical teaching
- Language barriers could be tackled more effectively, since not all students speak the state language. If Professor's could do that, it would be more than enough. The teaching process however for me is quite satisfactory
- Allow students to cantact you after college time
- Advice students for their career and academic oppportunities

- Share your personal experience to let them understand the difficulty in real life
- 1 2 3
- My observation is that our all teachers are very very kind and helpfull
- Should prepare I guess but over all it is okay
- No
- No

- .
- We want teachers free minded friendly soo those students are not coming they will also come ...THANK YOU
- Good
- .
- Teach students in friendly manner .
- Make us easy to understand the syllabus by the the teacher
- Kahi nahi
- Hello
- Very good in all
- Nothing
- The teachers teaching are very good learning very easy
- Nothing
- All good
- Teachers are good and interacting with students softly but enable to cover entire syllabus or not taking extra lectures online / offline .
- We need more attendance in class room
If teachers will strictly order to students that come to class room
- Nothing
- Please start using some projectors for explaining concepts that are difficult
- Good
- Good
- Kahi nahi
- Better communication among teachers
- Nice excellent good
- Professors help students to gain knowledge properly
My performance has been appreciated by the professor
Overall ratings for this college are 4/5
- Give more attention to the blind students
Cope up with their difficulties and ask them about their assignments i e take over from them
Give them proper notes and audio books as per their requirement and assist them with all their needs
- This college teacher are good and very nice teaching
- My opinion is class start from 8am because many more students lives very far
And we need sports students chance to give a exam because of unit I failed in internal and have to pay 1055 rupees. Btw teachers are very friendly and supportive except Gangadhar Aagwane sir he doesn't care about students
- Excellent
- Try to reach every student and ask for their doubts
- Excellent mind glowing super..., ??
- It's important that notes and materials are provided to us on time

- Every subject has 2 to 3 teacher which makes students confusion
So better if every subject have one really good teacher
- Communication
- They should understand some students who were poor in some languages.... would get understand in easy way and they should solve some queries without letting students feel hesitate
- Give questions bank If syllabus is not complete
- Please change the timing lachar
- Just being as a student my experience towards the teacher are really respectful to all teachers thanku so much
- All the teacher's are good at teaching but some teachers are not able to teach in English that's why it's difficult to understand that what the teacher is trying to explain
- Please teach separately marathi and english medium students
- Teachers were having a good teaching experience
Etc.
- No
- Teachers should complete syllabus before exam
- Its good all the time
- .
- Good
- Try to reach every student and ask their doubts and solve them
- The teachers should be highly educated with proper knowledge of teaching.
- 1. Professors should inform us about cancelation of lecture before one day.
2. Institute should take us on field visits so we can experience it and it can help us to get better knowledge.
3.All Professors are very helpful.
- Nothing
- Very good
- none
- Doubt clear in every student.teching in process in very good .
- It is good... and the teaching by the teacher is very through full.and ya It is very easy for me to understand the seminar
- Not for suggestions beacose teacher always very good
- All teachers are best, there teaching ways and all are friendly with us.
- 1.There should be more interaction between teachers and students.
2.Institution should start using more digital means to teach.
3.Teachers should start new pattern of teaching .
4. Institution should increase the courses e.g psychology
- No observation
- need ICT tools such as LCD projectors, Multimedia, etc. while teaching.
- Every gives there best but some student cathup slowly so someone should give motivation to improve in there subject that can be improve

- Good
- No
- It's good
- Institute should improve the way of teaching in an interesting manner.. They should make learning easier with extra knowledge and examples
- Teachers should support the students in case of attendance who are in sports or cultural department of college or other curricular activities from the college. Thank you
- Learning experience was Absolutely amazing.
- 1. Somewhere I think language is the barrier for me to understand the concepts as Professors use Marathi more than English in classroom.
- 2. Due to this reason I think lectures should be conducted separately for English medium and marathi medium students.
- 3. As portion was not completed till the date of exam, so it Creates difficulty to study for further exam.
- Good observation and suggestions
- Improve the teaching skills.
Improve their talking skills between students and teachers.
Important one is their talking ways to be improve.
I
- Not good in teaching , mostly speak in Marathi, but just minal mam is humble and good in teaching and madhura mam is Good in teaching .
- Teachers should avoid online lectures
They should improve their pronunciation
Should and more field visits and practical work
- To use Slid-show while teaching to elaborate study
- Improvement need in teaching of some teachers
- _____
- 1. Explaining or clearing doubts
- 2. Giving appropriate examples related to study
- 3. Being unbiased and giving equal treatment to all students
- We need feild visit n visible or practical study
- Good
- Good
- Try to reach every student and ask for their doubt
Make teach two way interaction
Communicate with students
- Try to reach every student form aks for their deu
make teach two way interaction communication white students.
- We need projectors
- Try to reach every student and ask for their doubts.
- Don't have any suggestions
- Try to reach every student and ask for their
Dou make teach two way interaction communicate with students.

- Teachers never complete their syllabus and use harsh language
- Try to reach every student and ask for their
Do you make two way interaction communicate
With students.
- Good
- One to one communication between students and teachers
Syllabus use complete before exam
Give questions Bank
Taking educational field visit
- I can't reveal name but that teacher keeps on talking about her personal life rather than teaching the topic that's why very
rarely students attend her lecture so I hope she focuses on teaching more than gossiping
- None
- every teacher give the best.
- Nothing
- Good
- none
- try to complete the curriculum as soon as possible . more field visits , one to one communication.
- Attention,focused,good study
- ..
- Projectors in every class would make it more interesting and better
- Most of the time the lectures are in passing form rather than going for student engagement,use of technology should be
involved.
- Its good Always
- Try to reach every student and ask for their do you make two way interaction communicate with students.
- communicate with students more,
- Want to be written example
- Want more seminars
- Should use more technology and give more practical knowledge conduct more lectures
- ...
- 1. Teachers should give more real life examples while explaining topics.
2. Teachers allot some part of chapters to student in group to improve their communication skill and to better
understanding of subject.
3. There should be more Industrial Visit (real world visit) for every subject.
- They all are very well
I think they don't need any improvement
They are best and perfect in their way
- Energetic, knowledgeable, fun at same time
- More notes and books should be added in the library
- Teaching is very good in our institution
- Have to more use of projector

- Visual material needed
Tests should be taken frequently
Show movies related to the topic
- ICT TOOLS
WELCOMING ENVIRONMENT
FLIPPED CLASSROOM MODEL
- Atleast give proper notice on groups so that student won't miss their kt exams
- Try To complete syllabus on time
- Good
- Nothing
- Not nesassary
- None
- To cover the overall subject in time
- There is no any suggestion
- ?????????? ????? 1 ??? ???? ???? ? ???? ?????? ???? ?? ???? ???? ?????? ??????? 1?? ?????? ?????? ????
- Nothing
- Teacher should come on time/teacher should tell should tell students that when they are coming are not
- Nothing everything is good
- Very good
Good
Excellent
- Can make use of projectors
- How to earn money
Practical knowledge
- Teaching with ICT tools , arranged education toor , teaching with example
- Practical based learning, nature as a classroom, fieldvisits to be included as well.
- Give notes or question bank to students which help them in exams
- Teaching is okay. But sometimes I don't understand. Sometimes I understand. All teachers also have some help.
But one thing that happened in my class before sem 6 was that class teachers developed hatred or misunderstanding towards each other. I don't know the root cause. But then one teacher's lecture was cancelled. In this, all the students suffered in their studies. So the Principal sir should pay attention to this.
- .

- Encouraging interactive learning: One observation/suggestion to improve the overall teaching-learning experience in Kirti M Doongursee College could be to encourage interactive learning in the classroom. The traditional lecture-based approach may not be effective in engaging students and promoting critical thinking. Therefore, the college can adopt innovative teaching methodologies such as group discussions, case studies, project-based learning, and flipped classrooms to enhance students' participation and engagement.

Facilitating access to technology and resources: Another observation/suggestion could be to provide students with access to the latest technology and resources to enhance their learning experience. The college can invest in digital tools and platforms that enable students to access course materials, collaborate with peers, and communicate with instructors. Additionally, the college can provide students with access to a well-stocked library, study spaces, and research materials to support their learning needs.

Providing timely feedback: Lastly, the college can improve the teaching-learning experience by providing timely feedback to students. Instructors can provide feedback on assignments, tests, and projects promptly to help students identify their strengths and weaknesses. Additionally, instructors can offer constructive feedback on class participation, attendance, and overall performance to support students' growth and development. Regular feedback can help students stay motivated and engaged in the learning process.

- No
- Teachers should be supportive
- Ok
- No suggestions
- .
- No Suggestions
- .
- Learning, teaching experience is very good.
- Overall campus is good. Teachers are very cooperative and understanding. Help in developing overall personality.
- No
- Good teaching
- No everything is OK
- improving skills in students studies
- Proper notes
- Nothing
- Very good teachers of every subject, very co-operative, helping in every situation
- Explain in our mother tongue, supportive, create Image while learning that portion & explain very well
- Nothing
- Teachers should involve students in learning
- Don't needed to improve

- There is no ICT tools for as please provide that .
Teacher never asked me and classmates. What about your future.what you want to do after your graduation.Which work will you do.which work is better for you They never asked me about campus internship And I required. I need to work after my graduation
- Teacher's could forward about the next day lectures timing in WhatsApp, most of the time we just end up traveling so long but there no professor taking lecture!!

Teacher's would giv us plenty easy notes

I

They would provide more exams to understand more well

- No any suggestions
- All things are good
- Punctual, reference available, teaching well
- Teachers were truly supportive and always help Their students.
- .
- All Teacher's behaviour with student's are generic. Encouraging & goal-setting Advise given by Teacher's all time. Feeling Happy to being Kirti College Student.
- Good
- Nothing. Everything was perfect in my opinion
- No suggestions needed
- -
- -
- -
- Good
- Excellent supportive and friendly environment
- Better
- Take lecture on time
- No improvement is needed .
- The teachers should try to communicate effectively with students like some teacher
And try to teach concepts with activities in the classroom
Like some teacher but number of teachers are not able to understand and teach effectively
- Nothing
- No sajection
- It was excellent
- No
- Consider rewarding best student,Organize weekly or monthly small test., Setup fun projects that awake an interest.
- Good
- No
- My experience in the college is a good.

- Good
- Teachers and sirs are teaching well
- No suggestions
- Differentiat between students
Use ICT tools
Use better graphics and media to engage students well
- 1 Lectures should be regular
2 PPT should be used by professor
3 Syllabus should be completed within the offline lectures
- To improve in teaching of theory
- 1.The teachers are very supportive.
2. Lectures takes place on time.
3. Teachers clears doubt if we don't understand.
- Nothing
- regular lecturesds should be condcuted
fairness should be appropoately maintained while checking papers and while giving internal marks
- 1: Ne present in class at given period
2: provide ict tools and lcd projector
- Teachers/professors shouldn't be absent during lectures
Same goes with the time of the lectures as well
- Take more revision , learning , encourage
- More communication
- No
- N/A
- No improvement needed
- No need to improve teaching because the faculties are very cooperative
- 1. Be present in the class. 2.use ICT tools while
Teaching in class.
- No suggestions
- ---
- .
- Teachers should give proper and effective examples about concept
- It's good teaching
- Overall the teaching is good
- Try to reach every student and ask for their doubts
- They doing there work not very well and
Not teaching very well and the office work is so slowly
- No suggestions
- .
- No improvement needed

- No suggestion
- Using new technology and also to start program and events for more participation of student
- Good teaching
- Make use of electronic gadgets
Lecturer are supportive
Make students to speak fluently
- Nothing.
- Economics syllabus has not completed and our exams are near
- Improve good teaching faculty
- Excellent
- 1:use projector while teaching
2:do compulsory attendance
3: try to make teaching interesting
- Lecturer should be at time
Should teach properly
Teachers should given proper attention to every student
- They have to discuss the assignment topics with us
- Using of more ICT tools, punctuality, providing notes
- No suggestions to improve the overall teaching -learning experience in our institution.
- TAKE MORE REVISION LECTURE DURING EXAM PERIOD .
- 1.Teachers are always helping and kind.
2.Use ICT tools and digital game-based learning.
3. Use better graphics and visual media to engage students well.
- 1. That teacher should communicate properly.
2. Teachers should also use ppts for explanation.
3. College should also take us for some field visits to learn about environment.
- 1. every teacher has its unique ways of teaching.
2. each topic is solved by explaining their importance and their effect.
3. Its very use for student to get knowledge for teachers to develop our skills
- Communicate
- There have no suggestions for all teachers are teaching well of their knowledge
- good
- teachers should use projector while teaching
- Nothing is there all of good
- There should be more skills developing competition in college
Teachers tell their experience to students to understand the difficulty in real life

- Many times teachers are absent in lectures
They can't take lectures
- Good
- I don't have any issues about this.
- I request to change the time of lecture for fybcom
The first lecture would be start on 8:10
- No improvement needed
- 1) Use visual media to engage students
2) teacher can try to reach every student and ask for their doubts
- Teach students using LCD projector.
Make them known about life and technology.
- skip
- No
- Teacher not coming right time
- Using ICT tools for explaining the concept
- There are no fest for bcom no freshers party
- Projectors/thorough revisions
- Yes it's too good..
- Teacher are teaching properly
And helping to us
- Try to reach every students and ask their activities
Use better graphic
Make teaching two days interaction
- learning objectives, assessments, and instructional activities
- Nothing to do because they are teaching us very well then other college teacher .
- .
- Hmmm
- Use e-learning platforms for better understanding.
- Very good teaching by professor
- Maybe we can improve our college sports facilities towards students
- The principal should look after it
- College should be more innovative
- They should give more importance to us and explain about the main topic
- Mast
- Teachers can be more friendly so that students can communicate with them easily without fear
- Nothing teacher teaches us perfectly
- Teaching should be interesting
- .
- Nothing

- Be polite a little bit
- No need
- Help to students for there queries
Help to students for understand the concepts
Maintain communication.
- Thank u
- Very good explanation about all topics
- No Suggestions Needed as our teachers provide and teaches us happily as we want
- Nothing
- The overall quality of teaching is good
- Interaction leve
Teaching process
- They would try to coverd all syllabus
They would always try to give example
And they checked should know how are they teaching us
- Very good
- Good environment
More learning opportunities
International events
- Be more attentive while teaching
- Doubt solving sessions
- Nice experience ??
- .
- I would suggest to use ICT tools for teaching purposes
- Most of the time lec are cancelled from personal pov i come from bhandup and coming for 1/2 lec is a pain and from that too if a lec is cancelled then dose not do justice to the travel done if any solution is there to inform students earlier like 12-20 hrs before it would be great eg through whatsapp etc
- Use LED screen in lecture.
- 1. Syllabus completion on time.
2. More focus on student's communication skills.
3. Be more interactive .
- Use ict tools , regular lecture
- Take feedback, give projects, be friendly with students
- Ok
- No suggestions, teaching and learning skills are very well
- Nothing
- Pls aaplya college cha cricket cha team chi entry MCA. Cha college tournament madhe pan kart ja pls tyagi khup mahat vacha tournament astat tithup pan nationals sathi player jatat aani player nationals la gele tar college chacha nav hoil sir pls ya var lakha dya college fakta University games madhe cha bhag ghete

- The current teaching process is really good... Professors explains the topic with appropriate examples to convey the topic depth to the students easily.
- All teachers are best.
- The teaching is much better
- Nothing
- Good teaching
- No need for any suggestions
Teachers are really very good
- 1) teacher takes regular lecture
2) lecture make fun and interactive with students
- All good
- First of all, all teachers should attend the lecture or send the substitute teacher to teach us if they are unavailable. Because we students come and attend the lecture, but here teachers doesn't even come. Second, inform each and every details of next day activities like how Teacher from Accountancy Department does. It gets hectic when you get to know there is no college 'after coming in the college'. So keep us updated through telegram or whatsapp. We have group chat for this reason only. Third, All teacher should complete the portion neatly, that's what students want. If not possible then atleast teach us main portion that is useful for an exam. They couldn't able to complete it because of other activities and events happens in our institute. Even though there are not many students who attends the class, but the students who attends the class, make their attendance worth. Or they will be disappointed like me.

This is what I experienced in Semester 4, B Com. Hope you do something about it.

- Can do better
- Students understand well when they are taught through LCD projector and multimedia .
- Good
- All professors teaches effectively
- nothing
- The overall syllabus of all subjects had been Covered in the academic year.
There was more activities which helped for Building students themselves for the future
- Try to reach every student and ask for their doubts..
Use better graphics.
Use visual media to encourage students well.
- Give more examples
- Excellent
- Teachers should not be partial for some students they should give the same amount of attention to every student to solve their queries. Overall the teachers are very friendly

- 1 Please provide more current problems to solve. Statements of industrial problems could be assigned.
- 2 Courses may focus more on research. Please offer elective courses based on the student's willingness, notwithstanding their lower strength.
- 3 it is necessary to place more focus on developing entrepreneurship and skill-based learning. Monthly updates on new technologies can be provided. You could use activity-based learning.

- Teach well
- 1. Best teaching for students.
- 2. Notes properly provided.
- 3. Try to every students and ask for their doubts.
- College Teacher staff are always support to student, in any exams, they solve queries of the students

Also College separately conduct webinars about next education and others carrier which relates to future growth..,

- very understanding and nice
- No any suggestions very well teaching
- Good
- Nothing
- No suggestion because all teaching process is very good is my point off view
- All teaching methods is good
It's developed students knowledge and skill
- Open discussion
- Good
- To explain everything till we understand, accounts to be taught in Understandable manner.
- Used of lcd projector
- Should include more student participation not only first benchers
Use more ict tools
Should give more attention on each n every student
- Education trip, using advance technology, better means of communication
- There is not any suggestion
- The teacher teach in simple way
Every teacher gives their best
- Some teachers just focus on some particular students
- Nice teacher
- Utilize the latest technologies
- Learning experience in institution is very good.
- Ni
- 1) Teachers should take effective lecture
- 2) teachers should interact with all students
- 3) Teachers should not be partial

- None
- Should increase communication.
- Nice
- I think the teachers should have group discussions, they should know their students by name, they should also enhance problem solving ability, motivate the students and should give hints to the students where he/she needs improvement.
- Nice
- Good
- No
- Presentation
- Teaching environment
- non
- Encourage cooperative learning
- Teachers must be present to lectures
Teachers should be on time most of the teachers come when there is just 10mins to finish the lecture
Teachers should communicate with the students time to time
- Learning experience was good there is no such suggestions from my side because already our kirti college is doing there work very well
- Can be more better
- Very good
- Course can be more research oriented.
- 1. Effective understand of lectures with good teaching techniques of mentor
2. Easy doubt solving or any problem in studies and other's
3. Being effective in external and internal both the activities
- Teachers should communicate more
- Teachers should improve their students English
- 1.teach effectively
2.see all students study , 3.and many other things
- Should complete portion in time of every subject.
- Teachers are very hardworking and always ready to help students to understand the concepts.
- The teaching is very good.
The teaching skills great
- Can be better
- Discussion, good communication, understanding
- No
- Ams
- In my opinion it is good enough.
- Nothing to change anything everything will be fine
- Good
- Nothing

- THE GYM KHANA SIR DOES NOT POST THE UNIVERSITY SPORTS EVENT ON KIRTI TELEGRAM CHANNEL
- Good teaching by the teaching staff
- .
- Good communication
Completed all syllabus
Cold calling
- Very nice teachers
- .
- Organize campus for better job opportunity
Give practical base examination not just theoretical examination
- ..
- All are good teaching.
- .
- Assigning only one professor for one subject.
- Nothing
- Good
- Good
- Nothing
- Can be better
- Overall is good
- Quite good
- It's better.
- Overall my learning Experience was Very Nice, Explaining Concepts or Giving real Life Examples and Also asking some related questions regarding the topic before Teaching. Though It Would be better if Those Improvement are Included.
 - 1). Asking Questions Related to Topic but out of the Book, eg. Fact or other Information.
 - 2). Having overall Chapter Revision after the Chapter is Completed and Asking questions for better Clarity.
 - 3). Sharing for Chapter Wise Short Revision Notes and Method of writing those Answers, ie. Format of Writing Answer are Different in Every Subject, eg. Economics, Advertising, Law.
- .
- 1. Use better graphics and visual media to engage students well.
2. Try to reach every student and ask for their doubts.
3. Make teaching a two way interaction.
- No thanks
- 1) Improve in the giving the more explanation about topic
- Create a welcoming environment, experimental learning and provide conclusion
- No
- Nothing
- Nothing

- 1.try to reach every student and ask for their doubts.
- 2. Many competitions can be conducted and more informative seminars, lecture by an expert required.
- 3.Kindly give more project and real time problem to solve.
- No
- Nothing
- Nothing
- No suggestions
- no
- No thank you
- Nothing
- There must be a visibility between students and teachers
- Very thing is nice
- Put your 100% in teaching
- Effective communication
- Good reaching
- Should try to finish the portion on time.
- teaching can best be described
- Teacher should observe students problem and encourage them to overcome
- .
- Make teaching a two way interaction.
Differentiate between students.
Communicate with colleagues.
- I think there is no need to improve anything in teaching-learning in this institution because the relation between the teachers and students is very good because of good behaviour of teacher they gives good examples and there is also a educom in the each class
- No comments
- ...
- Make lec interesting, writing practice
- Yes so good
- Mordern learning like videos which makes consepts easy to understand
- Nothing
- Informative learning and improve boards in the classroom so that Last benches can also see
- It was great experience with teacher's and other faculties.
- I don't know
- No suggestions to improve the teaching experience
- No
- Increase number of fans
- Good one

- Good
- 1) encourage students for participating in other activities
- Very good Experience
- 1.Compulsory attendance
2.Covering the syllabus
3.Taking some activities
- Need to cover all syllabus in time
- No suggestions
- A friendly teacher, A great lecture and sometimes fun
- Never
- Teachers must use lcd or projectors
Teachers must tech proper system
And give importance
- The teachers know better than us.We are not as grown up to tell teachers how much they have to teach us.
- Addition of one more lecture in timetable.
Completing syllabus early.
- -
- 1) Teachers are always helping and kind
2) try to reach every student and ask for their doubts
3) staff plays important role and the office staff is so helpful in our institute
- All Teachers were excellent specially Mr B.R.Kambli sir??
- No suggestions
- 1.lectures should be more
2..cig time is very less for bcom faculty
3.cleanliness is not proper
- No
- Teaching Is very Best.
- They don't pay attention to students
- Nothing to suggest as such had a great experience will learning
- Experimental studies and projectors studing concept
- .
- Good
- Im
prove Infrastructure, teaching should be mos
t
- Teaching is the best. My learning experience is well very good.
- Excellent teacher, always help students
- attendance should be made strictly present for all lectures.
faculty should show interest in teaching not just for name sake.
must focus on students who has potential to do bigger things

- Best institution
- Excellent very good awesome
- Teaching methods should change college should focus on digital classes
- Teaching every subject by teacher its easily understand they also solving our doubts
- Great skills, teaching process, equality
- Nothing
- Nothing, very good and kind faculties
- Presentation
Comprehensive
Communication
- No
- It was the best experience
- Teachers asks each student if they have understood.
- Polite with all students
- 1. Student must be present in classroom for group discussions
2. Projector teaching is more understandable
3. Lectures should be more than an hour in order to get more time for understanding the topic
- Increase fans in 3.11 and change blackboard also
- Focus on conceptual learning rather than rote learning. Teach students about Investment, financial planning and such other topics for students overall development !
- .
- Focus more on activity based
- Good teaching
- No suggestions
- Teachers teach very well in our college
- - use projector
- explain little deeply
- teach format wise
- Teachers should take the action against students attendance and behavior in the classroom
- All over good
- Increase number of fans
- Prof. Dr. B. R. Kamble (Commerce Department) and Prof. Yashwant Bhorkade (Account Department) teaching techniques useful for students hard skills as well as soft skill in education and world work.
- Every Teachers teach very well and nicely cooperate with students
- It's friendly and good
- 1) Provide more practicals
- Very good,nice,very nice
- Teachers are very supportive
- Environment improvement

- One on one interaction
- Don't no
- Speed of teaching
- To complete syllabus on time
Proper classes for student
Proper lectures in college
- Good
- Can improve with digital learning
- No need
- Calmness, friendliness, impartiality
- Overall teaching experience is good.
- All teachers are good
Teacher's teaches very
No suggestions
- It was very amazing
- Cooperative, friendly and teaching concepts and making sure students are understanding and enjoying
- Nothing
- Excellent
- Everything is fine
- nothing
- No
- 1.Keep The Good Teaching Up.
- It was great experience with teachers and other faculties.
- No
- Teacher help student in every problem with no aatitude
- 1) language barrier
2)Teaching in institution and college's should be innovative and creative so that the overall learning of every student will get developed they will be interested more towards learning.
3) communicating in a better way so that the student will understand proper.
- Try to reach every student and ask for their doubts...
- 1) Use better graphics and visual media to engage students well. ...

2) Try to reach every student and ask for their doubts. ...

3) Make teaching a two way interaction
- Give importance as the syllabus complete
- No issue
- Overall teaching is good. Teachers help us clearing all doubts and problem's
- Good

- Some teachers are good in teachings but improvement is necessary
- Benches are not cleaned and some benches are very small not able to sit on that
- Increase number of fans
- All the teachers are experienced and we'll know no improvement required
- Use of projector
- Excellent
- encourage cooperative learning
- Everything is excellent ??
- Be friendly to everyone while teaching, rest it's the best college with best teachers...
- Nothing
- Motivational, inspiring, nurturing and qualitative teaching methods..
- .
- Explain in short
- Good
- Nothing
- Give some holiday between paper to study well
- Excellent
- No suggestions, everything is good.
- 1) Revision
- 2) Questions bank given before exams
- 3) Basics should be clear
- Everything is good
- Give time to students to prepare for their exam instead of just rushing things
- Excellent
- ---
- 1)
- 2)
- 3)
- 1. They should not go very fast while teaching.
- 2. should guide us about proper books which has to be taken
- 3. They should use the projector at the time of teaching which they are using rarely.
- They want to do their best
- To explain things by actually showing it visually
- Teaching faculty is good
- 1. After teaching they may provide us notes for our examination
- 2. For internal practical exam they should ask questions related to the topics provided to us
- 3. For any difficulty faced by us, teachers should properly guide us rather than insulting us
- There should be more examples discussed

- 1. Use better graphics and visual media to engage students well. ...
- 2. Try to reach every student and ask for their doubts. ...
- 3. Make teaching a two way interaction.
- Could be more strict and formal with students.
- Don't know
- Let teach the students
- Good
- 1- use projector to show more ppt of the topics.
- No suggestions needed
- Friendly
- Understand
- Respect fully
- Use of e-learning tools
- Take a class test.
- Basically teacher teaches moderate but lecture of any subject don't take 9n time according tu timetable
- Should emphasize on making students understand the concept,
The teachers are always putting efforts,
Sometimes they are just a bit strict
- Practicals are hard to attain on time as some of us live far from that takes us 2-3 hrs traveling so we it's hard for us to attain practicals at 7am on time it'll be helpful if u do something about practicals time
- Yes
- Yes
- Solve example and disccus about
hard lesson
- None
- .
- Need career counselling
- Always well
- ..
- The syllabus after the sem 3,ie. Syllabus for sem 4 was not properly covered as most of the teachers as well as students were busy in events that followed every day!
Secondly a few teachers used their normal lecture time to discuss other stuff not related to the studies which then resulted into incomplete portion or completing the portion in a hurry.
Also the portion for sem 4 seem to be very vast than needed
- Complete the all syllabus before exam
- Nothing
- PLEASE REMOVE ALL THE UN PERMANANT TECHING STAFF OF ZOOLOGY SECTION ANAMIKA MAM SNEHA MAM AND SHRADDHA MAM AS THEY DO NOT TEACH ANYTHING BUT RATHER THEY TELL CHILDREN TO EXPLAIN IT TO OTHER STUDENTS THIS IS COMPLETELY WRONG METHOD OF TEACHING SO PLEASE PROVIDE US A PROPER PERMANAT AND WELL EDUCATED ZOOLOGY TEACHERS

- No improvement required, The faculty is the best according to me. As I am student of Physics & Mathematics department all teachers and H. O. D's are the best and they take care of our learning very well
- All is well
- All ok
- Nothing
- Teachers should explain to children while teaching.
Teachers should give their own notes to students.
Teachers should give importance questions while teaching.
- Keep Provide questions bank
- Provide question bank
Give importance notes
- ...
- Teacher's are all good in teaching but some teachers are unfair
- I suggest to try to keep in corridor
- 1.Implement active learning strategies
2.Foster a collaborative and inclusive learning environment
3.Leverage technology to enhance learning
- No suggestion
- To more commute with students
- Na
- 1-Botany Department is Excellent they need no improvements
2- Zoology Department need all the improvements
3- Syllabus is not completed, and Online teaching is practiced one day before exam which is totally unfair for students
- Visuals
- Teaching good and very well
Presonally meet to student for study
- Covered the syllabus till exams
- Do better
- Overall all are good
- The syllabus should be small and convenient
- Not great but nice
- Thank u
- No suggestions
- Teach with an example
- Try and provide short types of notes rather than giving whole chapter or book to learn and keep it accordingly with respect to chapter or certain topic
- Field visits

- The lec are not intresting
Limitetion on extracurricular activities
Teacher need to be friendly towards students
- No
- Give provied question bank
Give important notes
- No nothing
- Statisfactory
- _____
- They are good
- To increase the level of good communication with students
- -
- Teaching with examples
Reachable to students
- No
- More cooperation
Teaching through examples
- All good
- Interaction
Information
Effective
- Ensure your curriculum knowledge,
Differentiate between students
- -
-
- Teachers should know that knowledge there are providing is just to overcome our problem but they make it more tuff for us papers are set very difficult it's just a knowledge but after all they don't know the pain of student and telling to use there memory's power and judge them on there sharp memory the pain of student teachers can never who think that they were also a student and they suffered it but there different consequences that student encounter throughout there journey while studying
- Change the staffs very rude and arrogant staff of office as well as the floor supervising staff
- Overall it's good. Sometimes we feel like teachers should understand something and should think from a student's POV as well.
- Very good...satisfied
- Very good
- No comment
- Good
- Overall teaching and learning experience in our institution is good. Teachers are always clearing all doubts and difficulties in respective subject.
- Good teaching

- No need to have any suggestions
- Should provide more access to books and ICT labs for study.
Institution should provide bare minimum amount of money for IVs
Labs should be provided to the department it belongs
- Everything is good
- No suggestion
- Overall nice teaching
- Good teaching , great environment, Helpful
- It's was overall very good experience
- Must keep the use of ICT as they are doing already.
- Teaching facilities are excellent & communicative ??, teachers are very helpful, college management are also good, we are completed all fields visit or study tour well which is in our course syllabus,
(One request to exam committee ??)Plz give atleast one day holiday for preparation for exams, because our paper 3 syllabus are related to genetics it's a very difficult subject for us but we haven't any holiday for preparation.
- Neutral
- Teachers should teach with s certain level of dedication and focus
- NA
- the al round time management & scheduling needs to be more efficient.
- Teaching staff is excellent
- no suggetions
- Will.
- Nothing
- Taching
- Every thing was good
- Start lecture on time
- Good
- No suggestions
- Try something for teaching skill
- No suggestions
- Nothing, it's pretty good already:)
- Great experience with the best teachers ??
- No
- More communication
- Best
- All teachers teach really great
- 1. Make AC subject easy for studying.
2. More practical studying subjects and skills required.
3. More placement offers for students.
- If student are coming from long distance then college has to understand and start college atleast 8 clock or above time

- .
- It's teaching process is good but need to complete portion on time too
- Portion remains incomplete due to some valid reasons but to complete that lectures are been taken before exams where instead we have to prepare for exams otherwise teaching and concepts explanation is great ??
- Portion is not completed on time
- No
- —
- Teachers shouldn't expect perfect performance of students as everyone are learning here
- Syllabus should complete as much as possible
Teachers should complete their portion before exam ,some teachers complete there whole chapter in a day or 6 days before exam
Somehow their should me visualize clarity which is not there
- Focusing more on multimedia
- Syllabus should get over prior to the exam's as in a week before or two .
- Use ICT tools and digital game-based learning.
Differentiate between students.
Use the flipped classroom model.
Encourage cooperative learning.
- Teacher should appreciate the students for other activities
- Good
- We need a we'll equipped room what we don't have at all.
We need to more towards digital
Cleanliness is an imp factor too.
- ..
- Start using ICT tools
Keep fixed lectures no last minute changes
Start giving more real life examples and more of practical knowledge to enhance learning and grasping abilities!
- COMPLETE SYALLABUS BEFORE 1 WEEK OF EXAM
- The classrooms are not good, and everytime we have to change the classroom and the electricity is not proper
Some teachers not complete portions, they Literally complete it one day before exams
For us biotech students, field visits are sometimes necessary for our practical experiences
- Teacher tries to give their best to teach us but not everyone gets it.
- Complete the syllabus 10 days before of exams..
- 1.Proper classroom
2.lectures according to time table
3.less syllabus.
- 1.Using lct tools for better teaching and better understanding of students
2.Always Motivating the students
3.Always Give More relatable example so that concept will be cleared
- None

- 1.Using more multimedia, projectors for teaching.
- 2.Try reach every student and clear there doubt, use latest technology for teaching.
- 3. And teach like it's a conversation between both teachers as well as student.
- Complete the syllabus before one week of exam
- A monthly Google form should design based on the respected teacher to check the monthly evaluation
Camera's should be assigned in the laboratory to check the viva exams
Google form is the must and should aleast once have a meet with principal
- Please tell teachers don't bias between boys and girls
- Use of lcd projector
Use of various model teaching
- Nothing to improve more
- -
- 1) All syllabus must complete in time
2)one day gap for exams must provide between two papers
- use of lcd projector
ppt
notes
- Completion of syllabus before time
- Notes helps us to learn the concept better
When practicals are explained it flowcharts it makes it easy to understand.
YouTube videos related to that concept always helps us to understand the concept easily.
- 1)the portion has to be completed before time
2)a proper timetable should be maintained and followed
3)classroom infrastructure should be maintained
- 1)I would strongly request that regular lectures to be conducted on time so that during fests and camps no student misses any concept
2)Just 1-2 teachers didn't complete the entire portion for the semester exams
3)Extra curricular activities should also be encouraged
- They are already doing well
- 1.Provide Particular and regular classroom for All respective Batch Fy,Sy and Ty. Because we have to change the classroom for different lecture always.
2.Use of projector while teaching is easy to learn and understand fast.
3.Time management
- The portion should be completed a bit early.
Discussion on our papers should be done, so we can write better answers the next time
The classroom should maintained a bit
- To complete the syllabus on time so that students can study well and concentrate on the studies.
- Need projector teaching
- Projector, extra revision, providing
Notes before exams

- Please use projectors
Through teaching and explanation
Complete syllabus ahead of exams
- 1)My overall experience for our teachers are best
- None
- Best teaching
Best advice given by all teachers
Make us learn a concept thoroughly.
- None
- Lecture schedules
- Completing the syllabus before deadline,Revision lecture before exams.
- It's very satisfactory and teachers are so helpfu and communicapable they always they are so Encouraging also
- Please do according to time all activity.
- No suggestion, everything is good and everyone is cooperative.
- 1. Explain in a images
2. Give more examples ,application

3. Or

- Syllabus should be completed within time
- Give proper notes of every subjects on time
- Syllabus must complete on time
- Time management,
- To perform CIE Test of every topic done twice in month
- Timely lecs nd syllabus completion
- Very good experience
- None
- 1. Complete portion
2. Help in project
- Please don't give me kt
- lvd7xdvjvodd8 j
- Some teachers humiliate students instead of addressing actual problem,where they went wrong. If students don't know his/her mistakes how he/she will correct it? . Whenever we try to put forward our point some teacher never consider it they use term "don't argue with me" but the real thing is we are just trying to explain our side of point which most of the teacher chose to ignore.
- No suggestions
- Change teacher of statistics...purvaja sawant..she is not interacting with students,also her teaching skills are not good unable to understand topics taught by her...

- Illustrate the concept more clearly and deeply
- To teach subjects like statistics in a bit of a simple method.
- Algorithm - this subject teacher is not so good.
The method of teaching doesn't go with flow. Teacher should be changed or the method should be changed of the teaching.
- Statistics - this subject teacher is not so good.
The method of teaching doesn't go with flow. Teacher should be changed or the method should be changed of the teaching.
- OOPs(c++) - this subject teacher hasn't teach anything about this subject. Subject teacher told us to do online course of c and c++, because of the due date of submission many of the student has completed the course by seeing the video on YouTube and many of the student has edited the certificate page. So how the student gonna learn the c++ language on the basis of online course.
- Communicate with student
- ..
- .
- 1. Teachers should explain everything with example
2. should always give proper notes
3. should always show practical examples
- No
- 1) patiently listening to student's problem and justification
- Good
- Everything is good
- Use projector for showing us code that has been given us and show the output
- Everything is good
- Question bank on time
- 1) Include ppt, videos for better understanding
2) Conduct group activity or projects
3) Show the actual implementation of that topic in real world
- • Teachers should inform students well in advance about schedule or changes in timetable according to batch.
• Teachers should teach with little more interaction with student's discussion real time issues since it's an IT related course.
• Keeping in mind that every student had different speed of grasping new thought things they shouldn't be taunted if they fail to answer a question. (Has happened many a times)
- Teachers needed to be disciplined, there are some teachers who don't follow their regular timetable of college for lecture and practical, and I feel they are just teaching for salary not for something their own passion of student to learn something new, please complete the syllabus of every subject, the teachers never complete their syllabus which lead us to downfall.
- Should cooperate with student
- No improvement require all teachers are best
- Your sacrifices don't go unnoticed, just provide importance before the exam
- Teach concept with many examples. And give proper notes
- 1. Active Learning: Encourage active learning and student engagement during classroom sessions
2. Regular Feedback: Provide regular feedback to students on their progress and performance.
3. Use of Technology: Utilize technology in the classroom to enhance teaching and learning.

- 1. Be more interactive rather than just one way conversation
- 2. Start teaching with some interesting examples from day to day life
- 3. Try teaching like Swapnali Mam she is very great teacher in terms of explaining
- Friendly with students
- 1. communicate more with students
- 2. Talk more about job opportunities by completing course
- 3. Should guide us for choosing skill which suits individual
- Management dept. can be more helpful, teacher should be more friendly, teacher can teach us through experience
- Improve teaching
 - Give questions bank on time
- no improvement required
- No any
- Nothing
- Nothing
- 1)Professors should give some target on students' doubt.
- 2)Some course professors should focus their efforts on teaching skills as much as possible.
- 3) The most important thing is the request that every time the students understand what has been taught, it should be taken practically as a target
- The teacher's are great the problem is that there are few students who don't have Intrest in this course and mostly ruin the flow
- Good
- 1.can be more friendly
- Proper timetable
 - Lab availability
 - Improve teaching
- needs to tell where & when will a particular Topic be necessary
- Everything is perfect
- Change the Way of teaching
- .
- Teacher should take more examples like daily life examples and should use some notes
- Very Nice
- Teaching in easy way
- No need of improvement.
- Focusing on weak students and helping them
- Teach deeply concepts of syllabus
- Use ict tools
- use of ICT tools
- Better practical application for everything taught
- Null

- Some teacher are rude to student and they don't show any calmness
- Teachers are very good.
- Improve class facility, technology advance and explaining with example
- Teachers are very helpful
Teacher solved every problem
Teacher teaches very good
- More interactive sessions
- Please improve computer labs , give some hard copy notes , and online media for home study
- 1. Explain the concepts from the basic level because it helps to understand the concept easily.
2. Arrangement of practical slots of some subjects were not proper
- should be more practical
- avoid ppt teaching
- Treat everyone equally... Everyone has different strengths and weakness and faculties need to help students to overcome on their mental problems... Give students chances .
- 1:- improve the labs and connectivity of network
2:- most of Pc are not working
3:- All subjects should teach in a pratical way
- A lot of teachers focus on giving assignments and completion of those things but rarely any teacher focuses on the fact that if the student actually understands the practical knowledge or not. which causes most of the students to just focus on the completion of these assignments which are too much and are asked to be submitted alot of the time at the last moment.
- Teacher have to understand student ! Mam have to take practical exam of all the students..
- My one suggestion is that those lectures missed by geninue reason (job or else).can we take extra lecture for them
- Need of revision of syllabus before exams ,
- ...
- Try to interact with all the students and not just specific ones.
- Make CS Students more comfortable with Machines
Teacher don't support to students
Due to ine teacher entire Faculty get's a bad name
- complete syllabus on time
- It should be physically
Simple language
As per the timetable it should be taught
- its good teachers are helpful
- A good learning experience being authentic, interactive, and collaborative to enhance engagement and improve knowledge retention.Added values to the learner, encouraged social learning, promoted learner self-assessment, and is inquiry-based. A good learning experience and development and, ultimately, helped improve employee performance and productivity.
- Fair
- It is a good experience
- Good

- No suggestions
- Last semester android application teacher didn't teach anything whole semester
- Assignment, practical knowledge
- Very nice way of teaching
- No
- Avoid ppt and online lecture
- 1. Some teacher are student friendly but other also wants to be friendly.
- 2.some teachers has to be cooperative and needs to understand the students.
- 3.teachers need to provide the codes because this is the computer science field not every student came from IT OR CS background or family , some students don't even have Operating system teachers needs understand this that not student can be able to do every task .
- 4. Department needs more IOT kits
- 5. If not every student can complete syllabus on time then please try to understand the students situation and please co-operate with students .(Humble request)
- Just work on lab availability because we can't get to use machine
- nothing do as going
- 1) Teachers can discuss CIE/Unit test answers so students can know where they go wrong
- 2) While checking journals, teachers can ask students how the program works, the reason is students just copy each other's journals without even knowing what is written in it, so this will help students to understand the concept and not just writing the journal for certification
- 3) In practical exam, students just use pendrive or copy paste codes from google, teachers can use Ctrl+Z (Undo) if a student typed the code, the code will undo letter by letter, if copy&pasted, the code will disappear as it was copy pasted at once.
- 4) During exams, catching students who copy is difficult, so instead teachers can refer the cheat to check the answer as all students who are cheating are copying from the same cheat
- 5) Teachers are really good at teaching but it will be good for students if they add a revision lecture after the syllabus ends as when students go through new topics, they tend to forget the old topics, it will help students to remember old topics too
- Should encourage more students to have a point of view,
Should encourage counselling among students
Should try to include all the different fests into a mega fest.
- No need to improvise,they are all good teachers
- interactive learning , in-depth explanation
- One of the teachers has very poor teaching skills and qualities
- No
- 1.institution should have doubts class per week/month as possible
- 2.subject teacher should revise the chapter and uint after its complete
- 3.Teacher's should lookout for below average student to make improvements in their study's
- 1. Teachers should be more knowledgeable about every topic covered on lectures.
- 2. Teachers should be able to explain the topics in simpler version, so that students can learn it faster.
- 3. Teachers should observe the students whether they are able to understand the language used in lectures or not.

- 1.By giving real life examples.
- 2.Guidance in completing course curriculum.
- 3.And all is well.
- None
- Improve infrastructure
- Nothing
- na
- It's very good fkt jra ground floor chya ict lab che pc navin bsva
- ...
- Never rush the syllabus , The bond between a teacher and a student must be good , Practical must be more often than the lectures
- ...
- 1. Not all students are same, some may have to skip lect due to their Job but the copration is not given to these students
- .
- 2. Don't make studies interactive.
- 3. Just reades the syllabus not detailed explanation is given.
- To interact well
- Nothing
- Nothing
- Nothing
- No comments
- Active students participation
- Shortlist importance Questions so that students don't waste time on by-hearing Questions that are not supposed to occur in exams
- It's already pretty good
- All good
- Use better graphics and visual media to engage students well. ...
Try to reach every student and ask for their doubts. ...
Make teaching a two way interaction.
- .
- None
- Learning experience is very good
- None
- None
- .
- overall teaching learning process in your institute is good
- Teacher should use more projectors to teach us in a better way
- Use better graphics and visual media to engage students well. ...
Try to reach every student and ask for their doubts. ...
Make teaching a two way interaction.

- Good
- Better
- Best
- No suggestions
- NA
- -
- To follow good time table for lectures
- none
- N/A
- 1. Make sure you point out what is positive about someone's work before focusing on what needs improvement
- 2. Be fair to all the students
- 3. You were amazing
- Our class has many students more than 120 and our syllabus is not easy they should divide students into two classes therefore each student can easily pay attention on the lectures and teachers
- More of practical work should be done for better understanding.
- More application based teaching.
- More of active teaching should be done.
- Convenient teaching
- Overall it was satisfying
- We can't catch everything and each concept easily
- We need some time to understand, whatever going on in our syllabus
- More Interaction with Student, use multimedia and real life example to explain
- Study learning go slowly,
- no suggestion
- No suggestions
- 1) Communicate with your students.
- 2) Encourage them instead of discouraging them
- 3) Have healthy competition based projects to build teamwork and other skills for students
- 4) Instead of assignment's MCQ test should be taken instead.
- No
- The first thing pls finish as per your subject syllabus
- teacher should understand the students
- Teachers have covered most of the topics from syllabus. Wish to see the same in 2nd year
- No
- 1. Effective teaching in class as there are some students who hinder others progress.
- 2. Proper review of assignment and follow up regarding it.
- 3. Increase the number of practical lessons than just theoretical lessons
- Live example
- Use better graphics and visual media to engage students well. ...
- Try to reach every student and ask for their doubts. ...
- Make teaching a two way interaction.

- No
- .
- 1)Use better graphics and visual media to engage students well.
- 2)Try to reach every student and ask for their doubts.
- 3)Make teaching a two way interaction.
- 1.Add a good real life explanation
- 2. Do not give theory work try explaining in today's time
- 3 . Add good software like vc code in pc
- 1) Teachers need to complete the syllabus on time.
- 2) Practicals should be explained properly by the teacher so that we can understand the codes rather than just copy pasting the codes given by them .
- Fair enough
- Learning experience is good
- don't have any suggestions
- Nothing
- 1. The teaching faculty is overall nice but there needs to be more engagement between both professors and students.
- 2. The faculty needs to look after the progress of all students.
- 1. The teachers can give us projects based on the concepts covered in the class on the same day so that that we are quite clear with the practical application of the concept.
- 2. More presentation based approach to be provided which can help with confidence building and public speaking which can help us in future employment endeavours.
- Overall teaching is good
- 1. Create an environment by the teacher where students can freely clear their doubts.
- 2. Syllabus should properly complete the teachers as per given in the course.
- 3. Want field visits, industrial visits etc. to make us industrial ready.
- Thank you !
- Professors should explain the topic and Concepts in depth.
- It's ok.
- Use better graphics and visual media to engage students well. ...
- Try to reach every student and ask for their doubts. ...
- Make teaching a two way interaction.
- Please complete the proper syllabus.
- teaching without interest.
- While teaching teachers sounds are very low as well as not satisfy.
- Use better graphics and visual media to engage students well. ...
- Try to reach every student and ask for their doubts. ...
- Make teaching a two way interaction.
- 1) Give Preference to Practical Experience
- 2) Give more examples to understand better
- 3) Sir was a Little rude sometimes

- More MCQ'S and query sessions should be conducted.
Concepts should be in-detailed explained by the professors.
- Avoid giving unnecessary holidays.
Instructions related to exams, lectures, etc. should be given one day prior.
- All are good
- Geetanjali mam have to improve the voice we can't able to hear the voice.
- To have practice session after syllabus
- 1. Monthly informal survey
2. Random checks by other teachers to keep check on lecture quality
3.Changes in schedule not to be last minute
- Nothing
- Noo
- No
- Notes
Practical
Lab
- More practical sessions
- In some subject teachers should teach students more interactive way
- okay
- All good
- The teaching is good
There is no suggestions
Thankyou
- It's very good I like the way of teaching.
- Keep it simple
- No improvement needed best teachers
- Discussion, taking action after feedback, and focusing on practicals
- Can't give any suggestions
- Teachers should have to know about what difficulties students are facing while studying
- .
- Take lectures regularly
Explain things practically
- No
- 1. not to give lots of assignment
- .
- Nothing
- Learning objectives,
Assessment, and
Instructional activities.

- .
- .
- Nothing
- SE practical kab sikhane Wale ho
- Give daily lectures notes..then students will helpful on their exam.
- All lectures should be on time.provide some notes that's very beneficial for exam.
- -
- It is good
- Students skills
- Nothing
- .

- Attention
Practical
Theory knowledge
- Good
- None
- The teachers are very friendly
Teach us from scrap
Very good??
- They should teach us by practically. Moreee than theory.. Because our practical knowledge will Increase.....
- Its good
- Very well
- Nothing ??
- They should give us less assignment to write
- Fixed lectures won't be cancelled
- More ans clear explanation
- Teacher should complete there
Syllabus before taking exam
And without given lecture and
Practical don't take exam.
- No
- More practical which we can understand practically

- Everything is good I don't see nothing to be changed.
- Teach properly and take lecs and don't just s
Skip practical teach properly
- A weekly based test/discussion
Early completion of portion
- 1.Encourage interactive and participatory learning
2.Provide personalized learning experiences
3.Foster a culture of continuous learning
- Nothing to improve everything is al6
- It's very nice. They always brought new opportunities for us to learn more and more and new.
- Good
- Every teachers in sybscit for sem 4 are excellent except one
- Every teacher is good ??
- Appoint proper teacher who give time to students
- Kind
- Instead of assignments monthly presentation should be taken so the students take initiative in learning
Some group projects or assignments are to be given which leads to team spirit instead of just writing the assignment
The systems should be updated in lab as many of them doesn't support the application or the software used by students
:)
- -
- Good
- No suggestions
- Classrooms shall be kept neat and tidy.
Lectures shall be taken as said in the timetable.
Message shall be given prior if no lectures are there.
- Involve with students
- Teaching should be understandable and learning should be interesting and fun
- No suggestions
- 1. CSIT Lab computers required nvme RAM, SSD ROM upgradation.
2. To improve the students performance in examination point of view, Kindly arrange the seminar on studying, learning, memorizing, writing techniques.
3. Kindly reduce the extra wrting burden like research papers instead of take syllabus related topics PPT, presentation from students
- Must use projector and screen for teaching purpose
- Should include more practical based learning than reading it out from the book
- Has to improve communication with students
- Teacher should interact with students
- no suggestion all is good
- Teach with real life examples

- Teaching should be better
Practical demonstration should be done
Strictness towards teachers should be improved
Management should be improved
- 1. Online lectures less effective
- Nothing
- Learning on ppt is beneficial
- Nothing
- Teaching subjects doesn't mean that just have to complete syllabus.
Teachers should see that how the student is performing and help them in it.
Institute should see from both sides as students also and teachers also.
- 1. There can be more interactive and example driven classes taken by the professor's
2. No improvements required in the syllabus, teachers are helping students for importance and letting us know what to study. Never change that!
- Use ICT tools
- No issue
- Everything is up to the mark. All faculty members are very helpful and supportive
- Nothing
- Nothing
- Null
- Move on practical theory
- 1. teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.
2. experiential learning and participative learning.
3. improvement of the teaching learning process.
- Provide proper notes of subjects
- Good.....
- Good
- Overall teaching - learning experience is very good in institute
- Flipped classroom,
more practical approach with coding language related subjects,
Need for extra attention and support for students from marathi medium
- Nothing
- Nothing All facilities are there .
- As I'm a student I can't see myself capable of giving suggestions to highly qualified professionals
- No suggestions
- 1. I have great experience with kirti clg .
2. Teachers opinion are very helpful to everyone.

- we should emphasize on practical learning.
make a teaching a two way interaction.
Try to teach every student and ask for their doubts and point out every student so that every class will focus on lecture.
- No comments
- 1. Should encourage students for extracurricular activities.
2. Increase frequency of modern equipments/software for teaching.
- Software is not installed properly during the examination time , take lectures regularly some teachers are not taking lectures regularly and then completing their syllabus one week before our exam
- No suggestion
- Everything's good
- Kindly give more project and real time problem to solve.
Courses can be more research oriented.
New technology monthly updates can be given.
- Make teaching a two way interaction
- Projectonal Learning, real time example,etc
- Teach very well
- Take more practicals.
- It's should be concept wise
- Take insights of all the students
- Overall teaching is good
- Please fix your computers they all are really slow and some pc are not working properly while i was attempting my practical exam it is not working properly i hope you will fix it.
- Practical teaching have to improve in offline mode
- Excellent experience
- Cover syllabus on time
- No
- Very good
- Take regular practicals
And also lecture
- NA
- Overall the theory teaching process is Little bit good , but while teaching practicals teacher should explain the codes step by step ,for what we are using this code , if we put this code what output we'll get ect ect so atleast this topics should cover by the teachers while teaching practicals.
- None
- Good
Better
Excellent
- Teachers are well an good
- Be friendly with students

- Make teaching easier
- Neutral experience
- NA
- Good and supportive teachers
- The schedule doesn't match , the teachers aren't provided with the right tools and there is lack of seriousness
- Complete syllabus on time
- Give more examples related to study
- Improvement in communication
Improvement in explanation
More use of technology
- Nothing
- More use of technology
Improvement in explanation
Improvement in communication
- Use better graphics and visual media
Try to reach every student and ask for their doubts
Make teaching a two way interaction
- No comments
- More communication between teachers and students
Help the students for overcoming their fears
Organising extracurricular activities
- Our teachers always try to communicate with us.They encourage us everything.
They should continue this things like to encourage us,to build confidence in us etc
They should treat every student equally means now also they are treating equally so
they should continue that.
- Exam must on time
Syllabus must be a completed atleast two weeks before exam
- No
- Subject like fc is relevant according to course
Communication between teacher are not good
- Teaching skill
- Suggestions will be to focus on practical based teachin
- 1 .Make teaching two way interaction.
- .
- No suggestion
- Good
- Effective Explanation, Stage fear, communication gap
- 1) Use projector while teaching
2) communicate with students
3) Ask questions to the student at the end
Of the chapter

- No any suggestions
- No
- Complete syllabus on time
- Well teaching
- 1.Syllabus should be completed atleast 1-2 weeks before exams
2.Many lectures get cancelled, it should not happen
- Very good teaching and learning process.
- Educational visit ,help to overcome form our weakness ,
- Teaching process in every teacher are excellent
- No suggestion
- Always excellent
- Nothing all good
- 1.To connect the concept with practical world
2. To make Theory subject more easy while teaching
3. To teach about more of business industries
- 1)Should use ICT tools more
2)Should have more assignments
3)
- Nothing
- Teaching was good, so no need of observation or suggestions from my side.
- Good till extent
- Should increase use of LCD projectors while teaching
- Communication with students should increase.
- Complete syllabus on time
- No specific suggestions for improving the overall teaching experience, but now a days some institutions are providing video lectures for students who are not able to attend the lectures due to numerous reasons.
- improve communication skills . Sometimes I can't understand some concepts.otherwise all facilities are nice.
- Nil.
- Consistency, Teach with examples, Give time for self study
- 1 Teachers are always helping and kind. 2 Staff plays important role and the office staff is so helpful in our institute. 3 Proper facilities with great guidance. Good Learning experience Nothing, all good.
- to notice the improvement in everyone and give them a chance
- Sparking in Marathi,
- There are no suggestions from my side
- rrey
- 1.
- 2.
- 3.

- We appreciate you. Teachers don't just teach—they prepare us for the road ahead.
Your sacrifices don't go unnoticed.
You truly care about your students.
- Overall experience is very good ??
- The teacher should be friendly
- No suggestions
- Communicate with students
- Excellent, understanding, properly
- Encourage more
To take us in computer labs for experiencing tally

- Nothing
- All teachers teaching skills are very good ??
- Nothing
- No
- .
- .
- Best learning experience : all teachers and non teaching staff is
Very energetic and kind to resolve all queries.
1. Assignments for analysis
Overall teaching quality is to great extend
Suggestions: 1.Pdf notes for each subject .
2. MCQ test after completion of concepts.
Overall great learning experience.
- Good
Good
Good
- No They Are Good At All
- 1) To help each student
2) Not to Judge any student by their grades
- Total use of modern technology
- No suggestions
- Make teaching two way interaction
Try to reach each & every student & ask their doubts
- No
- Try to reach every student and ask for
their doubts
- More efficiency
Extra knowledge

- 1. Teaching is well
- 2. Supporting
- 3. Guidance
- Nothing
- Till bit partical knowledge should be increased but actually speaking my Department provides various course and Affordable range to the students and try to give all the knowledge that is Possible from there end.
- Nothing
- Good communication
- Friendly relations with students
- Practical teaching not only textbook teaching
- Nothing
- Nothing
- No suggestions
- All good
- Conduct more lecture to teach
- _____
- Everything is proper
- No
- -
- Nothing
- Try to simplify things
- Nil
- Nothing
- Nothing
- Overall teaching is good.
- No suggestion
- Speakers are not available in class for audio while watching educational videos
- Nice staff All teacher teach good and explain also good
- Good teaching
- All teaching staff is very nice to students
- Communication
- Patient
- Polite
- Good teachers, giving opportunity to students for their future, most important clarify all doubts of students
- There's nothing to improve in teaching of our teachers because they are too good in teaching us and solving doubts, So nothing to complaint.
- No suggestions
- Everything is good

- 1) Provide Computer lab facility for practical subjects.
- 2) Provide space for practice of Intercollegiate Events.
- 3) Keep BAMMC syllabus textbooks available in college library accessible for students.
- Availability of computer lab.
- Regular lectures
- No suggestion, the overall teacher teach very easy way.
- Teaching
- Good teaching professors
- Give more practical examples related to topics
- They communicate well
 - Always Gave advice for studying
 - Helps in exams and assignments
- 1.Explain the chapters
- 2.tell us about the syllabus briefly
- 3.nothing
- Spend more time with student and communicate with them personally. give more industry based knowledge and projects . making teaching two way interaction
- •Use better graphics and visual media to engage students well. ...
- •Try to reach every student and ask for their doubts. ...
- •Make teaching a two way interaction.
- Use ICT tools and digital game-based learning.
- It was good
- It was all good ??
- Nothing
- Good
- ...
- I think overall teaching is good
- It's ok one
- 1) More Practical approach 2) Clear All Concepts 3) more Creative about Syllabus
- it was easy to understand topics because of example
- Lecture timings
- .
- .
- I really like the way our faculty teaches us
- It's overall good experience but the lec timings are so long for 2 hours the lecture becomes bit boring
- No any suggestions
- The way teachers teach is good way of teaching there is no specific suggestions because I understand .
- No suggestions

- Give breaks during lectures
Refer to textbook while teaching
Highlight most important topics
- Be more creative way
- Giving some importance before exams
- Overall good experience.
- To teach in simple language
To give us permission for keeping the textbook open while teaching
To give us proper notes
- Good teaching
- 1. Set up study guidelines 2. Use more and more examples while teaching
- .
- Through examples
- Faculty of bms is excellent
- 1. Teachers are always helping and kind.
2. Staff place important role and office staff is also helpful in our institute.
3. Proper facilities with great guidance.
Good learning experience nothing, all good ?????
- None
- Give more examples of a particular topic
Teaching speed should not be too fast
- 1. Revision
2. May focus on individual
3. Not to change lectures time week by week
- The teachers are brilliant.
Makes every concept easily understandable.
Good bonding between teachers and students.
- Just allow students to open textbook to understand
What has been taught
- Nice
- Study method to be discuss for
difficult subject.
- More examples
More interactive class
- 1. More use of Smartboard
2. Teaching/explaining in simple language as possible
- Wearing formals for two days in month
- Set fix time for lectures.
Formals twice a week should be
Mandatory.
- Every thing is good.

- I am fine with the teaching methods
- Help students
Don't scare students
- Nothing
- Please improve management skill, don't change things at the last moment like changing the timetable in morning.
- No suggestions
- effective learning
encourage everytime to participate in extra curriculum activities
- Use a variety of teaching methods to engage different learning styles
Allow students to create their own projects and presentations.
Incorporate real-world examples and applications into lessons.
- Teaching of every faculty was very good and decent
- there is no need for improvement
- Faculties can use simple language
Syllabus is really vast and 7 sub we have
From that we have to study all chp faculties
can help us to atleast pass in exam
Some faculties are very good
- Little intereation with students remedial session of few subjects
- I am fine with teaching methods
- Give more examples,be freindly, be prepared
- Take the lectures on time
At the time of exam please importance or question bank to students.
- Understanding conclusion and respect
- Easy language
More examples
- I like the faculty and I feel I had the best environment for my studies. I learned many new things from my teachers who were very helpful in every way they could. The teacher-student interaction was great. The teachers were very friendly because of which I could clarify many of my doubts.
- I like the faculty and I feel I had the best environment for my studies. I learned many new things from my teachers who were very helpful in every way they could. The teacher-student interaction was great. The teachers were very friendly because of which I could clarify many of my doubts.
- Teachers should take students opinion into consideration
- I had a great experience learning with the teacher in this semester and I hope
To have this in future too
- We need more examples while teaching the topic of subjects, rather than that all the other factors are great
- No suggestions
- Teacher something explain occasionally in local language
Like Hindi Marathi
- Regular time,

- Lectures never start on time.
Lecture time sheets are sent on whatsapp after 9 or 10 pm
- Good
- Syllabus should not go fast
Task should be given to complete everyday to make us remember the answers
- 1. Teachers should explain more
2. Teacher should know how to control class
3. Teachers interview should be taken by the HOD
- Time management

Clean class

- All the teaching and learning experience is very well there's no need to give suggestions to improve the teaching and learning experience in our institute
- Nothing
- Listen each other means student have to listen to there teacher and teacher have to listen there students
- Nothing
- Nothing
- No suggestions
- All is the best going about your teaching by institution and like this only goo teaching for students will become happy and they will get more knowledge
- 1. Had a great first year experience with all experienced teachers
2. Looking forward to gain more things from our mam"s
3. They provided us ample of examples
- Should tell study method for difficult subject.
- Use ppt in law subject
- 1) simple language
2) more elaborated
- 1
- I am satisfied with this learning experience
- Clear concept, real life examples , ppts
- Everything is fine. The teacher who teaches understands everything
- Would like request the department to use easy and understandable words and languages while teaching
- Learning experience is very nice
- Nothing, teaches are really good when it's come to teaching
- Friendly surroundings
- Do interaction with students
- According to me , they must aquire effective techniques to their teaching style and ask students about their teaching feedback and also their teaching must be backed by pratical and understanding and also more recent and imp past related . They must state real life application and importance and use of their respective subject and they must provide us carrier guidance.

- Nothing
- 1) teaching with real life examples
2) reduce the timing of 2 hr lectures
- 1. Use better graphics and visual media to engage students well.
2. Try to reach every student and ask for their doubts.
3. Make teaching a two way interaction.
- Faculties are very supportive
They use modern learning ways to teach us.
- To teach students by practical examples.
To teach on smart boards by showing related videos on that topic
- No
- NA
- There are no suggestions for any facilities because it's perfect and great.
- All faculties are the best in our campus. Using teaching and doubt solving method are best.
Improving student self confidence by presentation way. All about better facilities in college. Campus climate are most loving. Teachers communication with students are friendly.
- There is nothing to improve. Yes I am satisfied.
- More on field activities and less theories
And more applied work
- don't have any
- None
- In problem solving extra sums are covered in syllabus which ever is important and interact with students to clear their doubts with examples
- Teacher should be more friendly.
- Communication
- 1) Real life skill based teachings which will help in our real life once we step out to find a job
2) Letting us know about our strengths and weaknesses whether it be written exams or assignments
- Overall Teaching is Good
- Classes were interactive
Faculties made sure students are able to understand each concept thoroughly
Use of smart board, graphs, pictures helped us to understand the concepts more clearly.
- Important notes were expected before exams, but not given
- Teachers should be on time
They should explain topics with examples
- I was satisfied by over-all teaching
- Nothing
- Increase more practical knowledge
- More practical tasks would be beneficial
- No suggestions.

- Explaining concepts through visual representation like presentations, Artificial Intelligence s,etc. Also offering offering various internship programmes since the beginning would help the students to apply theoretical concepts in the practical woeldt
- -
- 1 The teachers should prior inform us about the cancel of lectures
- 2 They should come on time for the lecture
- 3 They should provide us internships
- Nothing to say
- Explain in very easy way so with real life example it becomes easy to understand for students
- Nothing
- Teaching is good
- Tremendous ??
- They Should give importance for every subjects for exams
- Good
- 1. More real life example
- 2. Adding fun element in teaching
- 3. More accurate data
- All Teachers are helpful.They always try to bring best out of children and this helps us a lot.Need to focus more on teaching skills because everyone does not understand full English so teachers should try to communicate with regional languages as some students are from different mediums.If the student is not attentive so teachers should request students to please be attentive so they also can get knowledge.
- I would suggest to get a better accounts teacher and when he or she explains something it is easier to understand the concept it gets difficult with certain teachers and when a student says that he or she doesn't like the teaching of that particular faculty pls make sure that u have either replaced the faculty.
- Nice teaching
- They should give proper attention to each student
- .
- More Focous On Assignment
- Nothing
- More of student participation activities should be held.
- Need yo change some teachers like for economics babita ma'am and for ethics kalpana ma'am they don't teach well and if not changed then next coming batch has to face it.
- Pratical knowledge
- No
- Everything is good
- All good
- Nothing
- Nothing
- None
- Time effective

- Decode meanings of complex words
Discuss the outcomes and industry use of concepts
Internship and placement for better knowledge
- Understanding, communication
- We can interact more about the topic lot of example to understand it nicely
- The teaching was good
- -
- *
- A
- Use more examples while explaining a concept teachers must come on time during lectures
- Nothing to suggest
Everything is perfect
- Faculties should decrease the lecture time so all students would attend the lecture
- I don't want to give any suggestion
- Hardwork
- Need for improvement in scheduling the lectures on time
- Smart method of teaching
Schedule could be improved
Cleanliness of the washrooms to be improved
- Communicate with students. Do each topic covered. Teach in practically
- 1.need of enjoy freindly atmosphere during lectures to concentrate more rather than feeling bored.
2.explaining of concepts should be done by using various examples of day-to-day life based instead of just reading the books and notes which is not at all useful.
- Adaptive, Focused teaching, Interactive
- .
- Adapting Easy method for diffivult concepts
- No suggestions .
- Its Good
- Techinging should be more effective and Finance faculty should help more for preparation of exams
- Learning Experience is Excellent. Students, teachers, and Staff are helpful. The classroom & infrastructure is very good.
One Request To All the Teachers and Department Please Reduce Lecture Timing and Duration.
- Encouraging students for getting internships and jobd
- The teachers and faculty were truly supportive throughout the whole academic year with there expertise in their respective fields of teaching, learning and explaining to me
- Nothing
- Very good
- Some more examples
- Improve in media planning and management teaching
- Overall all teachers are amazing i am grateful to hav them as my professor the only suggestion i like to give is complete syllabus before 15 20 day from exams so students get more time to do revision

- Coordination
- Give more examples.
- 1.Avoid ignoring average students communicate with them about their performance
- 2.Minimum 1 presentation in 2 week for students
- 3.teach as friend comfortable
- .
- Suggestion:- 1) help students by understanding where they lack
- 2) encourage them by giving slightly extra attention towards them than who know all things
- 3) help the students to overcome the fear of working world not scaring them giving examples of bad work environment which discourages the most of the students
- Nothing
- No need for improvement is needed
- None
- Nothing
- After teaching each and every lesson faculties should take compulsory test fir that each unit so that the preparation will done on time of each student. Because some students start studying during 1 day before exam and score less that happens with ne everytime if faculties will take compulsory test on each unit preparation will done and there will be no tension during exam we'll have to only revise it.
- 1.college should give atleast one or two weeks time before exam for preparation and lecture shouldn't kept at that time
- 2.lectures shouldn't not be kept for too long
- 3.teachers should make paper accordingly to mumbai University paper pattern and according to them
- Nothing
- Good teaching
- Two way interaction
- Learning through presentations
- None
- No any suggestions
- 1. Hire professor from outside who are committed towards completion of syllabus.
- 2.Use less of activities while teaching because indian education is more of writing and assumption instead of a lot of case studies and theoretical practices will benefits for students no dhamsharas aur antaksharis will help.
- 3. Please let professors also value student time. ?? if the lectures at 8 am please ask professors to be on time and let lecture start at 9 and then extend lecture.
- Improve the quality of classrooms of old building
- Best place to study
- NA
- Learning was good
- Nothing to change
- Should include practices
- No
- 1. Everytime teacher encourage students to participate in activities.
- More practical activities.

- Every professor should share PPT aft
- .
- NA
- Can complete the syllabus atleast 2 weeks prior to exams
- Teachers are always helping and kind
Satisfactory experience
- Plan the Syllabus effectively
More interactive approach
Use of English as mode of teaching
- Na
- Smart teaching, examples, activities
- No suggestions
- Complete syllabus as possible, Explain with example, speak in hindi to Better understand
- Observation was excellent
Suggestions more examples
Learning experience was very helpful to understand the things related to topic
- Their is no need of this
- Teaching is excellent
- Na
- 1 They take fun activities during lectures
2 They encourage students
3 They maintain discipline
- More of case studies and examples must be taught to make the concept clear.
- Take care of student's mental health
- There is no need to change
- Use ICT tools and digital game based learning
- Good
- None
- Best experience for bms,
Staffs are brilliant, Teachers are welled experience
- Nothing
- Nothing
- Good experience
- Proper timetable. Application based teaching should be adopted.
- No suggestions.
- good
- Take weekday lecture
Proper classroom
Fix time table

- B.Sc student should spent more time doing practical in 3 years so they will be company ready, Kindly prepare the time table such
- All it is good
- .
- NA
- Involvement with students and regular classes
- ----
- _____
- all is good
- Everthing is best
- Good no improvement and basic need is fulfilled. good faculty no remarks
- NA
- Good
- Good
- nothing
- Nothing
- .
- Teachers teaches very well
Full use of LCD Projector
- 1.Nothing to improve all is good
2.Nothing to improve all is good
3..Nothing to improve all is good
- no suggestions
- Management. Equipment
- The quality of teaching is very well
Teachers are so considerate put efforts in learning
The institute provides so many competitive activities
- 1. Use better graphics and visual media to engage students well. ...
2. Try to reach every student and ask for their doubts. ...
3. Make teaching a two way interaction.
- Ontime completion of lectures and practicals will be appreciated
- Communication
- Overall is ??
- Kind and Polite behaviour
- In teaching, explanation, talking
- teachers can help us understand concepts better with real-life examples.
difficult concepts should be repeated for a better understanding
revision of difficult practicals for better understanding

- 1. Most of the time our lectures and practical are in Computer lab 90% of machine are in best in working but.
- 2. Some Computer lab machine should support software that we have in syllabus
- 3. Some Machine are slow or not in use
- Need Availability of technologies
Planning before teaching
- 1. Sometimes some of the PCs are very slow in performance which can be improved to facilitate practical sessions.
- 2. Question bank if provided it would help to prepare for the exams .
- 1) take regular lectures
- 2) make regular timetable for lectures and practicals
- 3) teaching is pretty good
- Nothing
- 1. Labs devices are in abhorrent state, many of those are working are barely usable.
- 2. Make a proper lecture schedule for students.
- 3. Have a dedicated time slot for students to approach teachers.
- Out of 4 only 1 teacher teaches upto the point
- Extend Deadlines of Assignment to Complete
- Use of more LCD projector for teaching
- Likely help those who are working and doing there PG program's.
- -
- No
- Overall the institution is very good to have a graduation is very nice.
- Nothing
- Good quality teaching
Good in examples
Deep learning
- All the teachers are teaching us the entire syllabus thoroughly and it's great
- No suggestions
- Ok
- No Suggestion
- - Teachers do not show any interest in developing the skillset and imagination of students.
- Lectures and practicals did not happen properly we were called to practicals only when there was holiday. No proper labs available.
- Teachers are not available for all subjects and those available are too arrogant to reply to student's doubts and questions.
- There is not effort to promote out of the box thinking
- Internet in the labs do not work properly. The machines are slow and most of them use pirated version of Windows OS which makes it even slower. The suggestions to install Linux distro to improve performance is ignored.
- None
- The institution is very good.
- Taking Practical Approach in line with the theory will give more clarity about the topic

- 1) Use better graphics and visual media to engage students well. ...
- 2) Try to reach every student and ask for their doubts. ...
- 3) Make teaching a two way interaction.
- Great
- Na
- Lectures are not conducted regularly.
Practicals are completed just few days before practical exams.
Internships are not provided/suggested.
- Use better graphics and visual media to engage students well
- Able to clear students doubts
Should know students weakness
Should ask the student if they facing any
Difficulties or not
- Try not to use pirated Operating system.
- Good teaching and all IT related Knowledge Given
- Everything is quite good enough
- No
- All teachers are good
- improvement in ICT lab
need to make 1 fix time table
- .
- overall teaching is good
- Use ICT tools
- Send messages for next lecture before 9 pm
- Please Send msg early about lectures
- provide a experience particular subject
- Teaching method should more illustrated with examples .
Teaching phase should include more practical aspects rather than theoretical
- teaching should be proper we have done everythong from notes preperation to assigments everything placements
requirements are not fullfulled
- Teaching staff needs to change. Among all teacher only neha mam gives all her efforts and teach us each and everything in
very good way.
- Only neha ma'am gives her 100% while teaching us. In sem 3 for data engineering subject rigjt from notes to practical
preparation everything we have done on our own. Teaching staff should be better
- 1. Increase the faculty for the lecture
- 2. Regular lecture to be conducted
- 3. Not more than 1 day gap taken between any lecture

- Worst teachers ever. They are least bothered with our syllabus, exams, assignments, studies etc.
Not interested in taking lectures.
The only suggestion is to change the faculty, please.
- All Good
- No
- Need to bring more faculty for MA students atleast ..because of which we are getting less knowledge no regular lecture are taken .. our economics department have no daily or rare lectures also so need to look to improve faculties staff because particalar
- Na
- Provide exact timetable for subject
- No suggestions ever thing is good
- Discuss with students when it comes to subject selection for upcoming semester
- All well
- Should teach each lesson, on time and with good quality
- Built up New Faculty Teacher to get more interactive lectures
- excellent
- Nice
- Very good... happy to learning ??
- Other than janhvi kolte maam, i do see that none of the teachers are truly invested in teaching. They seem to just go through the motions and have no genuine interest in students development. While one of the two teachers takes efforts in translation and morning lectures, the other professor would not engage in a meaningful discussion about anything. The professors hired for the job are not willing to teach themselves yet for the sake of employment and income they continue to do so. Kindly take some progressive steps if my feedback is read by anyone
- NA
- The students should have more field visits, Students should get better chances to explore themselves. All the classrooms should be clean.
- excellent learning experience
- Very good learning experience to me and always support the teacher
- Give study materials for refernces
- Please maintain a proper timetable and follow it
