

4.2.4.1

The pandemic situation due to COVID-19 was universally critical during the past year. As a result every Institution was shut down under the lockdown imposed by the government. Our college is located in the municipal corporation of greater Mumbai while many of the students and staff members are from suburban areas who commute daily by local trains and other means of transport to reach college. Since traveling was completely prohibited and college remained closed during the lockdown. The library was scarcely visited by stakeholders. As a result, the number of footfalls recorded is grossly subnormal.
