GRADUATE AND POST GRADUATE FACULTY MEMBERS IN
ASSOCIATION WITH UNIVERSITY OF MUMBAI**

अयं निजः परो वेति गणना लघुचेतसाम्।
उदारचरितानां तु वसुधैव कुटुम्बकम्॥

Preamble

Implementing the National Education Policy (NEP) in alignment with the dimensions of the Indian Knowledge System (IKS) can make India a VISHWA GURU. The historic universities like Takshashila and Nalanda showcased the success of multidisciplinary education. India should revive this tradition for well-rounded individuals, transforming education and economy.

IKS is a collective range of Indian Knowledge that has exhibited in systematized ways of knowing. Starting from the oldest compositions of knowledge i.e, the Vedic literature to the country's native and tribal folklore, the Indian Knowledge is spread as a spectrum. There is a vast repository of knowledge available not only in Sanskrit, Pali and Prakrit, but also in all native Indian languages.

Faculty members play a pivotal role in shaping the future of a nation, and in the case of Bharat (India), their influence can extend beyond its borders to make it a Vishwa Guru, a world leader and guide. By imparting not just academic knowledge, but also instilling values of compassion, critical thinking, and cultural understanding, faculty members can empower the youth to become responsible global citizens. The significance of 'Vasudhaiva Kutumbakam' lies in its philosophical and ethical implications, which are particularly relevant in today's interconnected and interdependent world. The rise of young India is a testament to the potential and promise that this generation holds, as they forge ahead with confidence, compassion, and a resolute vision to make a lasting impact on the global arena. The faculty members hold the primary responsibility to nurture the young minds.

Objective

- To sensitize faculty members to thought leadership emanating from India and understand its relevance in modern times in various domains.
- To develop a strong base to build professional career based on harmony with nature, adherence to the triple bottom line, and the principle of "Vasudhaiva Kutumbakam".
- To understand the Ancient Indian concepts and models and its relevance to the modern era.
