**Prerna – Inspiring Women of Kirti**

**Dr. Sampada M. Margaj**

**"Her simplicity makes her teachings shine brighter!!"**

True educators don't just teach; they nurture intellect, inspire innovation, and empower future generations. Dr. Sampada Malhar Margaj is one such remarkable personality whose journey reflects dedication, research excellence, and lifelong service to education. With an academic journey spanning nearly two decades, Dr. Margaj has been serving as an Assistant Professor at Kirti M. Doongursee College, Mumbai since 2006, after beginning her teaching career at Wilson College in 2004. She teaches a diverse range of subjects, including Data Science, Artificial Intelligence, Machine Learning, Data Mining, Robotics, R-programming, Python, and GIS.

Her leadership extends beyond the classroom through her contributions as a member of UG and PG Examination Committees, external evaluator, BOS member, and VC Nominee. She has also coordinated university-level examinations and chaired academic sessions at conferences.

Dr. Margaj's dedication lies not only in imparting technical knowledge but also in cultivating problem-solving skills, research orientation, and lifelong learning among her students. Her commitment to excellence in education, innovation in research, and mentorship continues to inspire countless learners and colleagues.

Her journey is a shining example of how passion, expertise, and perseverance in the field of Computer Science can transform students into innovators and contribute to the progress of society at large.
